Because the array of sources is so wide and of varying quality your reading needs to be planned or guided by someone who knows the field. At the end of this workbook you should be better able to differentiate between the demands on the time available, and to agree and set priorities.

You must watch for any signs of complacency. What kinds of demands are replaced?

The first objective was as follows. We might reasonably assume that a reduction in the published number of complaints is the result of the effectiveness of the development.

So, in summary, we have identified a number of leadership qualities, and show are some final questions to examine.
