Close X. This formally innovative work contributes to critical understandings of how individuals and groups perform, remember and re-tell acts of genocidal violence. Bibliographic information.

Cinema has long shaped not only how mass violence is perceived but also how it is perceived. Invitation-only screenings fall through a legal loophole: a film need not be submitted to the censors unless screened publicly. Moscow: Strelka Press, 2013. It is a gut-churning film: a radical dive into history, grabbing the past to explore such topics as the tension between remembrance and performance, the function of moving images in the execution of political violence, and nonfiction filmmaking methods that facilitate communities of survivors to respond to, recover, and redeem a history that sought to physically and symbolically annihilate them. About Wordery Wordery is one of UK's largest online booksellers. If it is not perceived in its contradictory nature, it is not perceived at all.
