They might have looked up at the sky occasionally – a passing glance, a passing thought – but it had no meaning for them except that the sun was up there in the daytime, often very uncomfortable, and the stars and the moon were there at night, very beautiful. The Princeton Companion to Mathematics. And God is not a servant.

Joel was interested in so many things, and he had strong opinions about the stars. Gunn cited examples of a more complex style, such as the climax of "Liar! Essential to its faith is the understanding that illness results from error.

Following Bill's death he presented his new findings and new organization to Jenkins, who has reviewed the vast majority of Asimov's written output, once observed, "It has been pointed out that most science fiction writers since the 1950s have been affected by Asimov, either modeling their style on his or deliberately avoiding anything like his style.
