If he has been treated unfairly by whites in films, that, unfortunately, was often the case in real life. Every few years a new television program comes along to capture and express the zeitgeist. Wenders remains critical, examining the legacy of the West in relation to his own sense of history. This collection examines and analyzes the evolution and significance of the Creators and consumers alike have utilized this story form in literature, painting, film, radio and television to explore questions of national identity and purpose.
