If you think these things work, don't gamble. Those are long odds. At first pass it is enough to make you wonder why economists assume people are rational.

If you are up against someone like Phil Ivey for instance, your odds become significant. While not going over 21, you have to outscore the dealer or have him go bust. Now that you know what games offer you the best odds, you will ensure you are trying your luck with the right games. Keep your eyes on the prize.

This might seem like an no-brainer, but one of the most important aspects of how programs often cost you nothing to join, but they can earn you swag, free gambling credit, free meals, and even free stays in really nice suites.
